I would like to take a moment to read this letter to ensure that we clearly communicate our shared understanding that nothing overlooked. After speaking with our board members, I want to begin by emphasizing that all board members and the district administration truly value our positive working relationship with Compass Memorial. We are grateful for the partnership we share and for the professionalism and care consistently provided. Over the past few days, I have

taken the opportunity to review our district's procedures and policies. Our currently policy, 510, which is mandated by the State of Iowa, requires that we follow Iowa Code 280.13C regarding concussion protocol under the Iowa High School Athletic Association and the Iowa Girls Athletic Union guidelines. The Compass policy that was presented last Wednesday outlines these exact same requirements and expectations. I firmly believe that all district leaders fully support Compass Medical's athletic trainer and deeply appreciate the expertise and dedication brought to our students. We are very fortunate to have such a strong and collaborative partnership with Compass. Please know that district leadership will never compromise the health and safety of a student for any reason.

The well-being of our students will always remain our highest priority.

Board member Steve Axmear apologized for his words in the previous meeting. Mr. Rheingans also apologized to Compass representatives and expressed that English Valleys does value the relationship. Compass representatives expressed that they also value the partnership and will continue to do what's best for students. Trent Forrest thanked everyone for coming to the meeting.
